Print Screen of AQD Source Information.docx

Hi Lara:

Hi Lara:

By using the web link: http://www.michigan.gov/deq/0,4561,7-135-3310_70310_70317-313032--,00.html, you can access the information under *Source Files > By Source Name* or *By Source ID No.*, select Marathon Petroleum Company LP or A9831. I have attached a screen shot which may be helpful. After you select the source, the violation notices appear under "Other". Here is the direct link to Marathon's "Other" information:
<http://www.deq.state.mi.us/aps/downloads/SRN/A9831/>. I also attached the violation notice for you.

Hi Mina,

Where can I find the link the latest MDEQ VN? I am looking for the one from May 29th it looks like?

Thanks,

Lara

Subject: FW: Need help w/ control letter involving Marathon

Hi Lara:

Jorge forwarded your note to me. Currently, he is busy working on completing his compliance inspections and reviewing report submittals. In response to your questions, since March 1, 2015, the MDEQ-AQD has conducted two compliance inspections at Marathon and sent two violation notices to Marathon. There is one active consent order, AQD No. 40-2014, and no pending enforcement actions. Additionally, since March 1, 2015, AQD staff has received and responded to 34 air quality complaints attributed to Marathon. Also, during this time period, AQD staff was on-site at Marathon to observe nine stack tests.

For your information, AQD has posted some compliance information on-line, see Air Quality Source Information: http://www.michigan.gov/deq/0,4561,7-135-3310_70310_70317-313032--,00.html.

Let me know if you have any questions.

Mina

Hi Jorge,

We are putting together a response to the this letter and it would be helpful to point to how many inspections MDEQ has done in the past 6-8 months and any pending enforcement actions. I am going to put in the current CD and Kosta forwarded me an NOV. Anything else I should mention on the enforcement side?

Thanks,

Lara

Hi - I need to respond to a control from **Non-Responsive** by 11/6. As indicated below we've got some history with her.

Would like to know how we've responded to her in the past - any correspondence with her would be very helpful to know about.

Would also like to know who your point of contact is at Marathon. We've been reaching out to their community relations person but haven't been successful connecting yet. I just want to make sure that we understand Marathon's plans and perspective.

Any other thoughts on how to respond would be helpful too. Please let Lara and/or I know as soon as feasible. Thanks.

Director, Office of Enforcement and Compliance Assurance (OECA) U.S. EPA, Region 5
